A Musical Volunteer Assignment Margaret Burik– piano player

Margaret Burik has been volunteering as a pianist for 11 years with Greater Cleveland Volunteers at the Cuyahoga County Adult Activity Center in Rocky River, a program through Cuyahoga County Board of Development Disabilities.

A graduate of Baldwin-Wallace University, she is a private piano teacher by profession, continuing to give lessons out of her home. She's volunteered her skills and played for her son's middle school. When her mother was in a nursing home, she discovered that when she played the piano informally there, the residents would perk up. People would say,

"Honey, don't stop." The nursing home "came alive" when she played.

At the Activities Center, she arrives shortly after 1 p.m., sets up chairs for the choir, and then provides the accompaniment for about 45 minutes. The rehearsals prepare the choir for performances at local nursing homes, Beck Center for the Arts, and other special performances throughout the region. Margaret says they have a tremendous following.

She is treated like a celebrity by staff, and choir members always compliment her. Participants feel better when they return to work. "It's indirect therapy," she says.

The piano is how Margaret expresses herself and how she delivers that measure of therapy to the choir. "Music is a language unto itself," she says, "you can put it into sound, into instruments."

Music has been played throughout Margaret's life, through good and bad times. It is a constant in an otherwise chaotic world. Margaret has discovered that sharing her talent through music is not only good for her, but good for those for whom she plays.

Volunteer Funding Advocacy Update

The Corporation for National and Community Service (CNCS) is a federal agency that engages and supports citizens in service to communities across our country. CNCS and all of its programs have been proposed for elimination in the 2018 federal budget. CNCS programs include: RSVP, Foster Grandparents, Senior Companions, AmeriCorps and VISTA.

Greater Cleveland Volunteers has been operating one of these national service programs, the RSVP program for 45 years. The program currently has 425 volunteers, age 55+, providing needed services to 88 nonprofit organizations throughout Cuyahoga County. Our RSVP volunteers provided 56,000 hours of service to the community in 2016. Their service is valued at \$1.3 million.

RSVP volunteers provide meals to those in need at local food pantries, deliver meals to homebound seniors, tutor children and adults, help the unemployed find jobs, assist refugees in resettling, serve the homeless, provide health education, mentor prisoners, assist with disasters, provide services to older adults and much more.

*I ask you to **contact your U.S. Senators** to make them aware of the importance of these national service programs, and the tremendous "return on investment" that they generate in our community, and in communities across the country. If you are an RSVP volunteer (age 55+ serving in one of the areas mentioned above), tell them how important your volunteer service is to you and the people you help in our community. If you are not an RSVP volunteer, we ask for your support of your fellow volunteers that are part of national service programs.*

If you live in Ohio, call or write to Senator Rob Portman and Senator Sherrod Brown and ask them to: Retain current funding levels for the Corporation for National and Community Service (CNCS) programs, including the RSVP program.

Remind them that national service programs are a cost-effective investment and benefit:

- ◆ Nonprofit organizations that receive assistance from national service volunteers
- ◆ Clients at these organizations that receive services from caring volunteers
- ◆ Volunteers that have meaningful opportunities to use their time, talent, and skills
